

Grazing Management (CSP Enhancements)

October 2005

Colorado Enhancement Activity Job Sheet G-5

Name:

Utilize decision support tools to aid in grazing management.

Payment = \$1.00 / Acre / Year when a decision making tool is used to aid in the grazing management decision making process for modifying a grazing management plan.

Utilize an approved grazing decision support tool or monitoring technique to achieve more consistent or effective results from grazing management plans. These tools may include NUTBAL, GSAT, Grazing Response Indexes, exclusionary cages, permanent line transects, or other tools that help analyze individual or numerous parameters of grazing management for decision support.

Documentation Required: Use the following table for documentation and attach a plan map showing the location of management units involved in the decision support tool use. An example is provided to assist you.

Field Identifier	Decision Support Tool	Decision Made	Acres Treated	Year Applied
Example -- CTU 9	Nut-Bal	Reduce livestock numbers	135	2005

I certify that I have applied the identified decision support tool for the field(s) listed in the Table above.

Name: _____

Date: _____
